

When was the last time you had the opportunity to use:

2 Program Tools in 1?

Now you can use the tool of the telephone to do service.

That's 2 tools at once!

GPIOA has an existing professional answering service (412 765-3004) that is answered 24/7. The folks who answer are non-OAs who use the information we provide to let newcomers know when and where meetings take place.

We want to improve this service so that newcomers can speak with OAs without necessarily having to give their name and address to the answering service. If you have time and a telephone, you can help.

If you have 30 days of back to back abstinence, and you want to share your experience, strength, and hope with someone who needs it, please contact George C.
